## PROJECT COORDINATOR

📞 (925)719-3579

### OBJECTIVE:

✉️ Lmgatt92@gmail.com

It is my mission to improve operational challenges across the organization by managing projects end-to-end through PMP frameworks.

### WORK EXPERIENCE:

**Perception Quality Engineer** at Rivian (contract) 9/20 - Present

- Monitor project dates, tasks, risks, and blockers throughout the project life cycle through board creation and tracking sheets
- Improve data labeling instruction sets and training material to increase data quality metrics

**Software Operations Specialist** at Ike (COVID-19) 12/19 - 4/20

- Collaborated closely with the perception engineering team and 3rd party vendors to improve the quality of data metrics
- Managed multiple 2D/3D spatial projects with tight deadlines while resolving performance challenges
- Built a strategy to document throughput of data labeling processes within G Suite, Python, and Git

**GIS Technician** at Facebook via Kaart 5/19 - 12/19

- Ensured on-time launch of high-quality map products by identifying key data discrepancies using SQL queries within GIS software
- Refined map content by conducting QA/QC analysis for the Data Integrity team at Facebook Maps

**GIS Data Analyst** at Apple via Apex Systems 5/18 - 5/19

- Lead and contributed to map editing projects to validate and clean large datasets by creating prototype methodology workflows
- Trained colleagues on new and existing project guidelines, and in-house tools for Apple Maps
